## Fox Med-Equip Services, Collinsville, Illinois

Jan Davis,  
Controller for  
Fox Med-Equip Services

My name is Jan Davis. I am with Fox Med-Equip Services. And I am the comptroller for Fox Med-Equip Services. Fox Medical is a home medical equipment supplier located in Collinsville, IL. We specialize in medical equipment

for the home, which includes oxygen concentrators, hospital beds, wheel chairs, CPAP and BIPAP therapy, power mobility and seat lift chairs. Fox Medical has been providing services to the St. Louis and metro east area for over twenty seven years. And we have three locations to serve. They are 1832 Vandalia Street in Collinsville, Il, 1400 West Main Street in Marion, IL, and 1909 Wentzville Parkway in Wentzville, MO.

Fox Medical began working with ITA in the early 1990's and during this time John and his staff have helped our company in all of our computer needs, which covers many areas from building a computer to in-

stalling software and even rescuing us from data corruption. Regardless of what time of day or night we have always been able to depend on ITA to be there no matter what our needs may be and what location may be involved. I have always found them to be knowledgeable, polite and easy to converse with. And most importantly they have been extremely patient with us during some very difficult transition times. I would highly recommend ITA for any of your computer or data needs. Again they are dependable, and trustworthy and pretty much any needs that you would have they would be able to solve for you.

**Fox Med-Equip Services specializes in medical equipment for the home, which includes oxygen concentrators, hospital beds, wheel chairs, CPAP and BIPAP therapy, power mobility and seat lift chairs.**
